

LOGISTICALLY CHALLENGING EMERGENCY SHIPMENT

TIME AND TEMPERATURE IS OF THE ESSENCE. LIFE-CONEX'S FIRST PRIORITY IS TO ENSURE THE PRODUCTS UNDER THEIR CARE ARE MAINTAINED WITHIN PROPER STORAGE AND TRANSPORT TEMPERATURES, NO MATTER THE LOGISTICAL CHALLENGES ENCOUNTERED.

CLIENT BASE

A global specialty pharmaceutical company that engaged in the development, manufacture and marketing of generic and proprietary pharmaceuticals, biopharmaceuticals and active pharmaceutical ingredients.

SITUATION

Barr Pharmaceuticals needed to move a last minute shipment with a quick turnaround. The trade lane requested a temperature controlled environment from Washington Dulles, Washington D.C (IAD) to Zagreb, Croatia (ZAG). This shipment presented numerous logistical challenges, which included an embargo on shipping a UniCooler into Croatia.

OUTCOME

LifeConEx proactively assembled a process that allowed for the container to be flown into Frankfurt, Germany (FRA) and then transported the container via a temperature-controlled truck into Zagreb, Croatia. Ultimately, our LifeConEx team was able to provide an adequate solution by implementing a process that resolved Barr's needs.

"With the logistically challenging movement of this product, the LifeConEx team was able to process manage the shipment, reaching the consignee on-time with no deviations."

ABOUT LifeConEx

LifeConEx offers peace of mind as the only industry-specific, end-to-end cold chain management solutions provider for the life science industry worldwide. With oversight of the entire global landscape, LifeConEx designs and orchestrates the shipment process end-to-end proactively and reactively, assuring the integrity of your product's desired condition. You experience shorter cycle times, a reduction in temperature excursions, and far fewer damages than typically experienced by shippers. LifeConEx it & Live Your Life.

LifeConEx is supply chain party neutral (airlines, forwarders, truckers, packaging, and technology).

Our clients come from all sectors of the life sciences industry and have diverse reasons for choosing LifeConEx. They rest easier knowing that their time and temperature-sensitive shipments are under LifeConEx's care. We provide:

- Regulatory compliance
- Reduction of risks and temperature deviations
- Faster product release and investigation process
- Reduction of delays and redundancies
- Streamlined processes and total visibility across all cold chain partners
- Optimized cost management
